Open Space Walking Challenge

One step at a time is good walking

(Chinese Proverb)

Keep track of your walks during our challenge with this journal. Will you aim for 45 miles walked in Marion Open Space during March, April and May? Maybe more? We plan to update the walk record board on Mondays so please drop off your progress at the office Monday morning or record your progress on our online form on our website at sippicanlandstrust.org. Awards for recorded walkers will be given at the Annual meeting June 26, 2019 and at the end of the year. Maps are available at the SLT office and on our website. We hope to see you out there!
